National Science Day Celebrations – 2019

National Science Day is celebrated all over India on 28th February of every year in order to commemorate the invention of Raman Effect by the Indian Physicist, Sir C. V. Raman on the same day in the year 1928. Physics community of Bharathidasan University is celebrating the National Science Day every year in the month of February. In the view of celebrations of NSD-2019 (**Theme:** Science for people, people for science), intra-departmental events and a special lecture for the faculty/scholars/students of Physics will be organized on February 23 and February 28, 2019.
